ENGINEERING STUDENT SUCCESS CENTER EVENTS:

All students are welcome to attend.

More information can be found at https://ess.unm.edu/events or through our web app (succESS).

THIS WEEK:

Welcome to the Fall 2023 Semester and GOOD LUCK New Mexico Style

  - What: Semester Long Programs
  - When:
    - Tuesday, August 22, 2023. 3 - 3:45 PM.
    - Friday, August 25, 2023. 10 - 10:45 AM.
- **Where:** In the ESS Suite (CENT 2080; UNM Building #112). *Food provided for attendees.*
- **Fall 2023 Program Deadline:** September 8, 2023.
- **More info:**
  - OPEN TO ALL MAJORS
  - This is a live-viewing of their Zoom info session. You'll have the opportunity to ask questions of the presenters and meet others interested in the program.
  - More information about the program is available through the apply link, but also in the information in September below.
  - Additional info sessions (without the live stream & food) can be found through the AI4All Eventbright HERE.
  - APPLY for the program HERE
- **RSVP (HERE) is preferred** (helps us have a good head-count for the food) but not required. RSVP will get you a calendar invite, and a week before and day before email reminder.

---

**Student Bash & Find Your Pack** - Network with others with similar interested, and see what the School of Engineering student organizations have to offer you while also just having a great time playing games and engaging in other activities to wrap up your first week of the semester.

- **What:** 1st & 2nd Year Student Event Series
- **When:** Friday, August 25, 2023. 2 - 5 PM. Hot dogs & dolmas (*first come*)
- **Where:** Centennial Engineering Center - STAMM Room (1044) and adjacent courtyard
- **More info:**
  - We believe that all members of the Engineering and Computing community should feel confident expressing "I am an Engineer/Computer Scientist."
Whether you are an undergraduate who has just decided to join the major, or a senior researcher, you promote knowledge of engineering and computing concepts to the greater public and are a valuable asset to the the School of Engineering. Your outside interests help make you who you are and contribute to your success. Read about some examples with our Student Showcases.

- Create products that represent them as an Engineer or Computer Scientists either on-site or bring something with you to add to the display.
  - We will have post-it notes, paper, colored pencils, markers, large rolls of paper for larger images, and even playdough or modeling clay for sculpting.
  - Can't make the event or want to see what others created? We will have the products displayed in the ESS hallway (CENT 2080).
- Speak with representatives from some of the SOE student organizations.
- Play yard games and other activities with your fellow students.
  - RSVP preferred (HERE) but not required. RSVP will get you a calendar invite, and a week before and day before email reminder.
**Food For Though: The Beauty of Learning**

*The beautiful thing about learning is that nobody can take it away from you.*  
- B.B. King

---

**Industry Networking Social** - Come network with others interested in STEM, including STEM Professionals and Mentors, as well as Industry Representatives. This event is open to all UNM students, as well as UNM staff and faculty, along with NM STEM Professionals. This is an opportunity to network with our STEM Mentors, Professionals, and Industry Partners in a dynamic and relaxed ambiance.

- **What:** Career and Professional Development Event
- **When:** Tuesday, September 12, 2023. 5 - 8 PM.
  - 5 - 5:45 PM will be in the ESS Suite and focus on providing a space for participants in our STEM Mentoring Program to meet up with their matches as our STEM Mixer.
  - 6 - 8 PM will expand to include Industry Networking with representatives from various local companies (*hors d'oeuvres served*)
    - If you are a company representative interested in participating in this event, please RSVP HERE.
- **Where:** Centennial Engineering Center - STAMM Room (1044) & the adjacent courtyard
- **More info:**
  - An evening of career networking and hors d'oeuvres!
  - Business casual dress is encouraged and *don't forget to bring your Resumes*.
  - Have THESE Conversation Starter questions ready to help get the conversation flowing.
  - **How to Go From Small talk to Meaningful Conversation**...in a comfortable and natural way. Follow your curiosity. Think of dialog as exponential, break past the barrier of “boxes” within 3 layers deep. Don’t bounce from topic to topic, but dive deeper within a single topic. The topic of conversation does not matter, it should be focused on the process of the conversation. And, listen (intentionally)! Not just to words, but actions. Reflect on what others share. And, with this, it is ok to stretch outside your comfort zone.
  - **For off campus attendees who need parking options:** THIS is where the event will take place and THIS is a map of the pay stations around campus,
and there is a private paid lot across University from our building at 1703 Copper Ave NE, Albuquerque, NM 87106.

- **Attendee RSVP** (UNM students, staff, & faculty; [HERE](#)) is HIGHLY encouraged (helps us have a good head-count for the food) but not required. RSVP will get you a calendar invite, and a week before and day before email reminder.

- **Industry/Company RSVP** is REQUIRED by 9 AM, Friday, September 8, 2023 ([HERE](#)). Questions? Please contact Nada Abdelhack at esscareers@unm.edu

Semester-Long Engagement Opportunities

MENTORING

- BE a mentor
  - To our incoming students in their transition into the University of New Mexico, the university setting, and Albuquerque.

- HAVE a mentor
  - Who is a STEM professional working in the field to build your network and receive guidance and support.

INTERNSHIPS

- Getting real-world experiences leads to your satisfaction with your undergraduate journey. Gain valuable hands-on experience while making professional connections.

- These programs are only open to School of Engineering Students.

RESEARCH

- EPICS @ UNM
  - To give back to the community, earn credit, and gain research experience all at the same time.

- Student Research Experience Program
  - To get hands-on research experience to understand how your courses fit into real-world applications.

Many are open to pre- and full majors and have no citizenship or GPA requirements.

For more information, or to apply, visit: https://ess.unm.edu/programs/current-students

- Interviewing Basics - Help eliminate some of those pre-interviewing jitters by attending this informational session.
  - What: Career and Professional Development Event

• Faculty Highlight. See what our faculty study.

Read about other highlights on our Read about other highlights on our webpage dedicated to just this.

This posting is for Dr. Ed Angel within the Computer Science Department.

• Consider being showcased
https://ess.unm.edu/resources/showcases/index.html

There is more to our students than just their technical interests. And, the more outside interests and experiences one has, including the arts and creative thinking, the better! Engineering and computing makes one’s other interests stronger, and those other interests enhance one’s engineering and computer science knowledge and ability.

These abilities include, but are not limited to, blogs (creative or technical), art work (visual or auditory), writings/reports (creative or technical, including published manuscripts), and presentations (oral or posters).

Are you interested in being showcased? Contact Dr. Yadéeh Sawyer at yadeeh@unm.edu or (505) 277-9151. She is always looking for more examples!

• Lobo Living Room: The Bits & Bytes of Artificial Intelligence

Dr. Melanie Moses and Dr. Kathy Powers, I will be presenting the first Lobo Living Room event of the semester! Lobo Living Room: The Bits & Bytes of Artificial Intelligence is available online for people to register.
Attention all tech enthusiasts, dreamers, and forward-thinkers!

Discover the dynamic fusion of Artificial Intelligence (AI) and its hidden biases that steer us toward an uncertain tomorrow. In this thought-provoking lecture, we delve into the intricate workings of AI algorithms and the far-reaching implications of bias on our ever-changing world. Explore the ethical quandaries that arise as we entrust AI with decision-making, from education to employment. Together, we'll confront the challenge of crafting a future where AI empowers without prejudice, opening new horizons of opportunity and growth. The speakers will also explain the work they are doing through the UNM Algorithmic Justice Project, funded by UNM ADVANCE.

Join us on this intellectual quest to unlock the potential of AI for a brighter, more equitable future!

Research Assistantship for STEM majors at the Anderson School of Management

Anderson School of Management is seeking applications from current UNM students for a Management Information Systems (MIS) Faculty Aide to start in August 2023 for the Fall 2023 term. The MIS Faculty Aide reports to Dr. Alissa Dickey, Professor of Practice in MIS to support faculty research. The primary research project assignment focuses on the area of digital therapeutics with the objective of developing best practices for startups to introduce their innovative digital therapeutic devices to market quickly. Research support may include data collection, literature review, and data visualization. The position is a .5 FTE (20 hours per week) appointment, depending on availability and qualifications.

Applicant Instructions:

- Email Dr. Dickey at alissadickey@unm.edu for more information and desired qualifications.
- You will need a current resume/CV, cover letter and list of 3-5 professional references
- The position will be open until filled, but applications are strongly encouraged by the best consideration deadline of September 10.

• **Upcoming AMP Scholarship deadlines!**

URS applications are due on Sept. 9 (Friday). The link is here: [https://nmamp.nmsu.edu/applications/urs_pro.html](https://nmamp.nmsu.edu/applications/urs_pro.html)

There is also an open Q&A Zoom session Friday, 9/2, at 4pm through [https://unm.zoom.us/j/98487036494](https://unm.zoom.us/j/98487036494)! You will need access from your UNM zoom account (be sure to update your zoom if you haven't already!)

The New Mexico Alliance for Minority Participation (NM AMP) provides research opportunities and additional support through two programs this fall: STEM Prep for early majors, and the Undergraduate Research Scholarships (URS). New Mexico AMP is funded by the National Science Foundation, and for this program NSF defines eligibility in terms of declared majors and student minority status (Biology, Chemistry, Physics/Astronomy, Earth & Planetary Science, Environmental Science, Engineering (all majors), Math & Statistics; students from under-represented groups including Hispanic, Black, Native American, Pacific Islanders). If you are a returning or former AMP student, please help recruit by sending this link to someone you think might be eligible and able to benefit from this opportunity. If you are a faculty member or advisor, please forward this information. Please see the website link for more details. Deadline is September 8!

There are videos explaining the program and expectations. NMSU is the NM AMP host institution, so the links are at NMSU even for UNM students!

AMP STEM Prep Scholarship ($500). [https://nmamp.nmsu.edu/applications/stem_prep.html](https://nmamp.nmsu.edu/applications/stem_prep.html)

Undergraduate Research Scholarship ($2,500). For the research scholarship, you will need to identify a mentor and short project description, so meet with (email or zoom) a prospective research mentor and get something going! There will be online presentation opportunities, assistance with grad school preparation, and more! [https://nmamp.nmsu.edu/applications/urs_pro.html](https://nmamp.nmsu.edu/applications/urs_pro.html)
Summa Academia 2023-2024 Applications are Open!

Summa Academia applications are now open! Summa Academia is a graduate program offered by El Centro de la Raza, ENLACE Statewide Collaborative, the Division for Equity & Inclusion, and the Health Science Center for Diversity Equity & Inclusion to serve Latinx and historically underserved graduate students at the University of New Mexico.

In this two-semester cohort program, experienced Latina/o faculty members share their expertise with graduate students on how to navigate the complex systems of graduate education and planning for academic careers. We will provide students with unique skills and knowledge to navigate the graduate educational and professional system. Participants will receive $1,000 scholarship upon completing the program.

This is an excellent opportunity for students, and I would really appreciate it if you could forward to students and share it among your department. For additional information, please don’t hesitate to reach out to me at: rdbecerril@unm.edu.

- **Free confidential counseling**

  The UNM Counseling Program is excited to be offering free confidential counseling for children, adolescents, adults, couples, and families this semester on our UNM main campus clinic. This center is a training center for our advanced graduate students under supervision from our amazing UNM faculty and licensed professional counselors. These sessions will last 50 minutes and allow clients to be seen each week throughout the Fall semester. These sessions will be video recorded for supervision purposes and stored in a secure HIPAA compliant space. Appointments are available on Monday, Tuesday, and Wednesday all the way until 7 pm.

  Please call us at 505-277-7311 to complete a brief telephone screening to determine that our services are best for you. We look forward to hearing from you soon!

Weekly UNM Nature Walks

If you've never joined us before, Nature Walk is a weekly event hosted by the Museum of Southwestern Biology. **We meet every Friday at noon at the UNM Duck Pond** for an hour-ish walk around campus to explore the nature around us. Many times, this includes teaching newcomers how to use community science apps like iNaturalist and eBird (especially during BioBlitz time), but we've also done themed walks like duck anatomy illustration, turtle counts, an arboretum tour, edible plants, and more! Further details on our [event page](#).
