NEW ANNOUNCEMENTS:

- Gearing up for the end of the semester? Our Tutors can help!
  Our tutors are here to help you succeed! Don’t wait until the last minute. Come visit them now, available both in-person and online, during regular business hours, but also nights and weekends!

  Need help in an engineering or computing foundational course (i.e. math, physics, chemistry) or field specific course that isn’t listed? Reach out to our tutoring coordinator, Doug Williams (esshelp@unm.edu) to see if our tutors can still help you.

  Check out their schedule on our website (https://ess.unm.edu/services/tutoring/index.html) or on our succESS app (https://success.unm.edu/tutoring/).
Next Week:

- We are Thankful for YOU!

Coming Up:

- Leadership in Engineering & Project Management
  **When:** Friday, December 3, 2021. 12 - 1:30 PM.
  **Where:** In-person in the ESS suite (CEC 2080)
  **Partners/Presenters:** Rochelle Larson, P.E. with the Albuquerque Bernalillo Water Utility Authority
RSVP is preferred but not required via ess.unm.edu/events...or our app (success.unm.edu)

**STEM Celebration**
**When:** Friday, December 10. 3:30 - 5:30 PM.
**Where:** Centennial Engineering Center - STAMM Room (1044) & classrooms
**More info:**
- [HERE](https://ess.unm.edu/events) are some great questions you can ask to get a conversation started.
- Have [THESE](https://success.unm.edu) Ice Breaker questions ready to help get the conversation flowing.
- How to Go From Small talk to Meaningful Conversation...in a comfortable and natural way. Follow your curiosity. Think of dialog as exponential, break past the barrier of “boxes” within 3 layers deep. Don’t bounce from topic to topic, but dive deeper within a single topic. The topic of conversation does not matter, it should be focused on the process of the conversation. And, listen (intentionally)! Not just to words, but actions. Reflect on what others share. And, with this, it is ok to stretch outside your comfort zone.

RSVP is preferred but not required via ess.unm.edu/events...or our app (success.unm.edu)
Spring 2022 registration – Be part of EPICS @ UNM
Do you want to GIVE BACK to the community, EARN CREDIT, and GAIN RESEARCH EXPERIENCE all at the same time?! 

*If you said “YES,” then join EPICS @ UNM Course/Program for Spring 2022.*
Check out our website for more information. [goto.unm.edu/epics]goto.unm.edu/epics.
And, feel free to email (epics@unm.edu) or call (505-277-9151) with any questions.
We are expanding the community service that is already a big part of the School of Engineering with the debut of **EPICS@UNM**

**EPICS@UNM** brings together students and local communities through courses that solve real-world problems and help address human, community, and environmental needs.

Although EPICS@UNM is a partnership between the Engineering Student Success Center and the Department of Electrical and Computer Engineering, we encourage any students, partners, and sponsor interested in helping the community from an Engineering and Computing angle to participate.

Additional details can be found at [goto.unm.edu/epics](https://goto.unm.edu/epics)

Questions about the program can be sent to epics@unm.
Reminders:

- Read all about Kara Komula (Adventurous), our newest showcased student  
  https://ess.unm.edu/resources/showcases/index.html

  There is more to our students than just their technical interests. And, the more outside interests and experiences one has, including the arts and creative thinking, the better! Engineering and computing makes one’s other interests stronger, and those other interests enhance one’s engineering and computer science knowledge and ability.

- Check out our ESS Resource pages!  
  https://ess.unm.edu/resources/index.html
  These include everything from academic support and career development, to behavioral health and getting into research and goal setting.

Other ESS Center/SOE news and information:

Energy Production & Processes from Shale Hydrocarbons

CBE 499 (CRN 54614)/CBE 515 (CRN 54425) MW 2:30 pm – 3:45 pm

Online synchronous – room number TBD

UNM instructor – Professor Abhaya Datye (other speakers will come from within the CISTAR center – Purdue, UT Austin, Notre Dame and Northwestern, and experts worldwide)

TA – Ryan Alcala

Short description: A survey course on all aspects of light hydrocarbons as a bridge to a net-zero carbon economy. This course will blend catalysis/reaction engineering, separations, process engineering, process optimization/modeling, life-cycle/impact assessment, and policy to examine how light hydrocarbons are currently used and how they are being deployed as a bridge to a net-zero carbon economy. The course will consist primarily of lectures by experts from across the country. Grades will be determined from attendance and participation, a multiple-choice test over the lecture material, and a group project (oral presentation and written report).

- **Sandia National Labs from the MEMS (microelectromechanical systems) Technologies department**
The job posting below is live and they are seeking multiple undergraduate interns. [https://sandia.jobs/albuquerque-nm/intern-mems-technologies-rd-undergraduate-year-round](https://sandia.jobs/albuquerque-nm/intern-mems-technologies-rd-undergraduate-year-round)

  The job duties will be tailored to a student's interests, but we are primarily interested in someone who wants to work in the lab testing MEMS devices and is interested to learn computer programming for data acquisition and analysis. US Citizenship is required.

  If you are interested and want to learn more about this position please feel free to reach out to Lisa Hackett ([lahacke@sandia.gov](mailto:lahacke@sandia.gov)) who shared this wonderful opportunity with us.

- **The GRC is hiring 2 GA's**
The GRC is hiring two positions and our GA position would be great for a Master's or PhD over in Engineering. Apply at [https://ctl.unm.edu/employment/opportunities/job-postings.php](https://ctl.unm.edu/employment/opportunities/job-postings.php).
UNM Events/News

- Don't delay, complete your 2022-2023 FAFSA today!
  UNM's FAFSA filing priority date is January 5, 2022. A student's FAFSA must be received and processed by the US Department of Education by this date to be eligible for priority funds. Completing the FAFSA is only half the job. In addition to meeting the FAFSA priority filing date, you must also submit all requested documents by February 1, 2022 to be considered for priority aid, like work study and certain grants.

  P.E.O. (Philanthropic Educational Organization) is an organization with 6,000 chapters and 230,000 women members in the United States and Canada.

  The scholarships below are offered by the state of New Mexico's P.E.O. Chapter.

  These scholarships are for female residents of New Mexico, they are merit based and require full-time status at an accredited institution (like UNM). The application process begins with P.E.O chapter sponsorship. That sponsorship must be applied for before or during the month of September 2021. For information about chapter sponsorship, contact P.E.O. Chapter AD before or during September 2021 at: newmexicopeochapterad@yahoo.com.

  Apply for chapter sponsorship before the end of September 2021. Scholarship applications are due January 22, 2022. Scholarship recipients will be awarded for the 2022-2023 school year with funds made in 2 payments to the university at the beginning of each semester.
