COMMUNITY EVENTS/OPPORTUNITIES

• Volunteers Needed for 2023 Science Olympiad!

We Need Volunteers! 2024 Central NM Science Olympiad
https://files.constantcontact.com/4dfe6aab001/be0f0599-57e5-41ce-924a-cd8542ef2105.jpg?rdr=true

Saturday, January 27

University of New Mexico

We need volunteers for the following events:

• Anatomy & Physiology (cardiovascular, lymphatic and excretory systems)
· Codebusters (cryptanalysis, use of historical and modern ciphers)
· Crimebusters & Forensics (forensic science)
· Optics (geometric and physical optics)
· Wind Power (alternative energy)

**What is Science Olympiad?**

Science Olympiad is a national competition that brings together middle school and high school students to compete in STEM-oriented events.

**What is an Event Supervisor?**

An event supervisor is a volunteer with relevant expertise who manages an individual event of the competition. It can be a teacher, student (college or above), industry professional, past or present. Nearly anyone with a background in the event's topic is welcome!

**What does an event supervisor do?**

· Read and become familiar with the event rules.
· For written events - write a test adhering to rules and proctor the test at scheduled date and time. For build events - inspect and test student-built devices according to rules.
· Score the test or device and submit results to event staff.

**What support is available to volunteers?**

· Advice, insight, and other support are available from the competition coordinator as well as past and current event supervisors.
· Online resources for event supervisors available through the National Science Olympiad website.

If you have expertise and/or experience in any of the subject areas listed above and you are passionate about helping students succeed in STEM, please contact Erin at scifair@unm.edu for more information!

JOB/RESEARCH OPPORTUNITIES/SCHOLARSHIPS

Check out the ESS website pages dedicated to jobs, internships, and scholarships for more.

- AI4ALL Ignite Program
  
  https://ai-4-all.org/ai4all-ignite/

What is AI4ALL?

AI4ALL is a national nonprofit that is transforming the pipeline of AI practitioners and creating a more inclusive, human-centered discipline. We empower students to be AI Changemakers by cultivating an environment where they develop skills in critical thinking and relationship-building, and expertise in responsible AI. AI4ALL champions the diverse next generation of AI changemakers through education, ethics, and relationship-driven networks.

What is AI4ALL Ignite?

APPLY HERE

AI4ALL Ignite provides undergraduate students the opportunity to

- Work on an AI portfolio project with mentorship and guidance from AI industry experts
- Present in a student symposium on their AI portfolio project and network with AI industry professionals.
- Participate in extensive and practical training in career readiness and the technical AI internship interview
- Train in mock AI technical interviews and network in opportunity chats with AI recruiters

Eligibility and Deadlines:

- Spring 2024 Cohort Early Application Deadline: December 15, 2023
- Spring 2024 Cohort Final Application Deadline: January 22, 2024
While all are welcome to apply, AI4ALL prioritizes students whose race, gender, or ethnicity has been historically excluded from AI: Black, Hispanic and Latinx, and Indigenous folks; and women, gender-expansive, and non-binary folks. You can find full eligibility on the AI4ALL Ignite website.

- **AFRL Scholars Application**
  Applications are due Wednesday, January 10, 2024, at 11:59 P.M. CST
  Helpful application hints:
  
  - Official transcripts are not required. Students can submit their most recent unofficial transcript.
  - Essay questions can be 150-200 words submitted in paragraph form.
  - Letters of Recommendation are optional but highly encouraged. References may submit letters of recommendation after an application has been submitted and certified by the applicant. Note: click the “Select” box for the letters students wish to include with their application.

  Applicants can apply by pasting the link below in their browser or clicking the yellow “Apply Now” box.

- **NETL's SUMMER 2024 CHRES Internship Program**

  The deadline has been set for January 31, 2024, at 5 p.m.

- **Summer Undergraduate Research Program - Great Lakes Bioenergy Research Center (GLBRC)**

  The Great Lakes Bioenergy Research Center (GLBRC), funded by the Department of Energy, is hosting undergraduate students to participate in our 10-week Summer Undergraduate Research Program (SURP).
We encourage applications from undergraduate students from underrepresented communities in STEM interested in getting **hands-on mentored research experience at research-intensive universities.**

**Located on 3 campuses to choose from** - Michigan State University and its affiliated Kellogg Biological Station, and the University of Wisconsin-Madison - program participants will benefit from a mentored experience in a scientific laboratory, attend professional development seminars and bioenergy-related field trips, and present their findings (poster and oral) at a research symposium.

**Research opportunities in multiple disciplines** are available - biochemistry, plant biology, genetics, microbiology, engineering, ecology, crop sciences, and sustainability.

You can find more details about these opportunities on our website at the link below. **Registration for each program is open until early 2024.**

- **UNM TimelyCare**
  Remember that as a UNM student, you have access to free, 24/7 virtual health care services and support through UNM TimelyCare, including on-demand medical care, mental health and emotional support, basic needs assistance, and health coaching. It’s another way of providing you with a wide range of resources that will help achieve a sense of well-being, live healthier lifestyles and improve mental health. But please don’t wait until you need it; set up your account now, so the moment you do need services or support, you’ll be ready to go.

- **LoboEats (developed by one of our very own CS students)**
  [https://food.unm.edu/sustainability/lobo-eats/find-food.html](https://food.unm.edu/sustainability/lobo-eats/find-food.html)
  You should start receiving notifications through the app after October 23rd.

  LoboEats is a brand new app that enables UNM organizations and departments to post when they have free food available to share with other Lobos. LoboEats connects UNM students, faculty, and staff with organizations and departments that have leftover food from catered events. This app will help reduce food waste and aid food-insecure individuals within the campus community.

- **Lobo Food Pantry Fall Hours**
  Food insecurity comes in many forms and impacts all aspects of your life

  ~30-40% of UNM students are housing/food insecure, and ~50% are first generation.

  Please make sure you utilize the available resources like the Lobo Food Pantry and Student Guide tab resources: [http://goweb.unm.edu/studentguide/](http://goweb.unm.edu/studentguide/).

- **SHAC Workshops:**
  NO CHARGE! RSVP: studentcounseling@unm.edu

Including...

**Free confidential counseling**

The UNM Counseling Program is excited to be offering free confidential counseling for children, adolescents, adults, couples, and families this semester on our UNM main campus clinic. This center is a training center for our advanced graduate students under supervision from our amazing UNM faculty and licensed professional counselors. These sessions will last 50 minutes and allow clients to be seen each week throughout the Fall semester. These sessions will be video recorded for supervision purposes and stored in a secure HIPAA compliant space. Appointments are available on Monday, Tuesday, and Wednesday all the way until 7 pm.

Please call us at 505-277-7311 to complete a brief telephone screening to determine that our services are best for you. We look forward to hearing from you soon!
• **Open Chalk Night**

*Even if you don’t want to present, it’s a great opportunity to learn!*

Open chalk night is a monthly meetup for graduate and undergraduate students to practice presenting mathematics at a blackboard to an audience. Modeled after the Graduate Teaching Seminar presentations and open mic nights where would-be musicians play songs to a distracted audience, this event is a time for students to socialize and develop comfort communicating mathematics and recovering from mistakes.

Here’s how it works: Bring a problem, sign up to present on the sign-in sheet, wait your turn, then take the chalk and present. Problems can come from anywhere (homework, contests, etc), but please keep it to something that can be presented in 5-10 minutes.

Snacks and beverages will be provided.

• **Weekly UNM Nature Walks**

If you've never joined us before, Nature Walk is a weekly event hosted by the Museum of Southwestern Biology. **We meet every Friday at noon at the UNM Duck Pond** for an hour-ish walk around campus to explore the nature around us. Many times, this includes teaching newcomers how to use community science apps like iNaturalist and eBird (especially during BioBlitz time), but we've also done themed walks like duck anatomy illustration, turtle counts, an arboretum tour, edible plants, and more! Further details on our [event page](https://www.eventbrite.com/e/weekly-unm-nature-walks-36371708397).
