Be the Difference
With an Employer of Choice: Curia

At Curia, you can earn enough to get what you need and help others get what they require: innovative treatments and medications. As a global organization that addresses a wide array of pharmaceutical matters, we invite you to do your best work and overcome the industry's toughest challenges. Be the difference in the lab, on the manufacturing line or in a spreadsheet.

Global scale, growth and opportunity
A broad range of job functions to explore your growth potential at 23 sites in nine countries.

An award-winning organization
Honors include CMO Leadership Awards and other important industry recognitions.

Diversity of thought, experience, background and perspective
A strong focus on inclusion is invaluable to our success in nations throughout the world.

Empowerment to do great work
Teams and individuals who take responsibility for new challenges with enthusiasm.

Changing lives for the better
Making a real difference through the work we do and your commitment to excellence.

What We Do

You know what makes you different—what you do best.

Curia offers an opportunity to apply those capabilities and transcend the rest. We provide the training and development resources to hone your skills: the support to learn, grow and achieve; the rigor to expand your potential and bring forth the specialist within; and the advanced technology to make the most of your talents, interests and ambitions.

Research and Development

• DDA (Discovery, Development and Analytical Services): A dynamic, results-driven team of drug innovators, creators, accelerators and achievers.

• Fine Chemicals: Serving the specialized needs of a client in a wide variety of industries.

Manufacturing

• API Development and Manufacturing Services: Individuals who make products and a real impact.

• Drug Product Commercial Solutions: Fill, finish, formulation and manufacturing professionals ensure that final products are safe and effective.

Be Part of Our Team and Enjoy

• A wide array of benefits designed to provide the support you need.

• Exceptional employees who live and value teamwork because we’re in it together.

• An organization in strong growth mode with many exciting avenues to success.

• A fast-paced environment with engaging opportunities to learn and grow.
