Degree program info • Tour research labs • Learn about student organizations • Scholarship and financial aid info

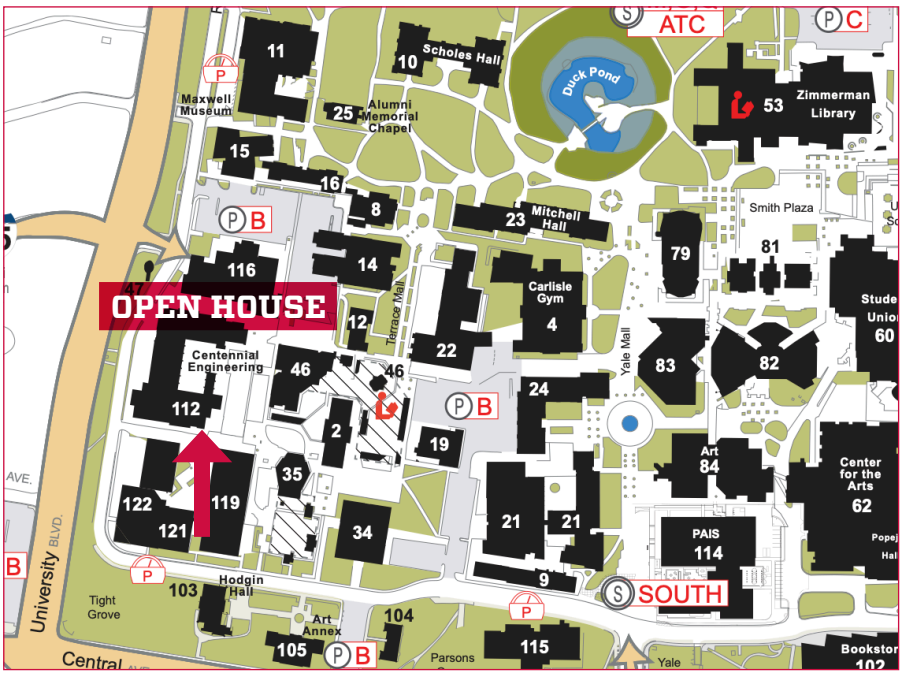

Questions? Contact the Engineering Student Success Center at (505) 277-4354

Whether you're interested in bio, civil, electrical, chemical, nuclear, mechanical, environmental, computer or ... maybe you just don't know! Engineering Open House is a great opportunity to understand your options in the School of Engineering and get your questions answered.

How to find us

Most of our event will be held at the Centennial Engineering Center, which is located at 210 University Blvd. NE on The University of New Mexico main campus in Albuquerque. Our building is #112 on the campus map.
For campus maps, go to https://css.unm.edu/campus-maps

Parking

Guests may park for free in lots A, B, C or P. Parking is not permitted in spaces marked reserved, service vehicle parking, handicap parking, fire lanes, loading zones, official vehicle parking and yellow curb parking. Parking is also available in the Cornell Parking Structure, located on Redondo Drive. In addition, there is parking at the Yale Parking Structure off of Lomas Boulevard.
